complete wealth solutions

They asked me about my dreams,
I had never been asked that before.
How refreshing.

What's your dream?

Your financial decisions should move you toward (not away from) realising your life dreams. And your life is more than just 'money'.

- Are you fulfilling your financial potential?
- What is it you really want your money to do for you?
- Do you believe you can 'do it all' by yourself?

“ Underpinning IMFG is the belief that you are more likely to fulfil your financial potential by design and not by default. ”

Scott Douglas, IMFG Director

Our story

IMFG was born from the shared vision of three passionate, young professionals – Scott, Angus and Dan - to help individuals improve their quality of life and peace of mind by making smarter financial decisions.

“ Life is unpredictable. The way you make decisions about it shouldn't be. ”

Dan Blatch, IMFG Director

This is why we have formed a team of specialist advisers and experts across our professional network, spanning all areas of finance including investment consulting, insurance, debt and legacy planning. We believe a team of specialists advising you in a co-ordinated manner will deliver you a superior outcome.

IMFG's project management of your financial house will:

- Give you confidence to enjoy life

“ The financial services profession is a few decades behind the medical profession. Would you allow your GP to do your eye surgery? Your finances deserve the attention of a specialist. ”

Angus Dockrill, IMFG Director
